

WHY A PACKAGE?

Just like in human pediatric medicine, your new kitten needs to receive appropriate vaccinations, tests, and check-ups during their first year of life.

We have put together a package that will provide all the medical care we recommend, and be of significant cost savings to you!

DETAILS

Our kitten packages are well-pet programs. If your pet becomes ill, or requires additional medications or treatments during the course of the program, additional fees will apply.

Payments can be made in full or via Care Credit. We will also accept payment plans divided into three equal payments over the course of three months with an additional \$10 per payment.

The program price is nonrefundable. Package price and contents are good for **12 months** from date of purchase.

**3501 Evergreen Way
Washougal, WA 98671**
